KMG
KREW MEDIA GROUP

Krew Media Group's passion is in serving our clients globally through creative and innovative design solutions.

Our Background

Krew Media Group is a creative design, web and mobile application development studio. Based out of Irvine, California, we design and develop web sites and mobile applications for clients spanning many industries. Our clients benefit from the expertise we also offer in hosting and email service, web maintenance, branding and print. We are a boutique-style studio that leverages an extensive list of services. Our integration of these services backed by our quality customer service creates value, trust and reliability towards our clients.

What We Do

Our core expertise lies in designing web sites and web applications using robust technologies such as ASP, PHP, .NET (C#, VB.NET), HTML5, XML, Java, JQuery, MS SQL, MySQL, IIS, LAMP, Photoshop, Illustrator, Drupal, Wordpress, X-Cart and Magento. These include Content Management Systems, Client Intranet/Extranet Portals and E-Commerce. In addition, we've also worked on branding projects and print work for the corporate, non-profit and retail industries to name a few. Our web hosting and maintenance offerings are an attractive services for our clients in that we essentially handle all of the details concerning their site hosting, emails and website updates. This allows our clients to focus their time and resources to run their business. We also provide SEO - search engine optimization services to help place our clients' websites organically higher on search engines like Google, Yahoo and Bing. We also provide mobile application development services for clients who would like to have a mobile developed for them.
